When they got to the planet there was a ton of aliens doing a ton of weird things. One was in a triangle with a circle as a roof then some aliens pulled Ted into a giant dome inside it. There were tons of aliens in a circle bowing down to Ted. They said

The aliens started to bow down to Ted. He had no idea what was going on. He thought the aliens were going to kill him. He was so scared but then they put a crown on Ted like he was their king. His mom would have been so proud. Then something odd happened. The lunch lady that made the toxic burger followed Captain Burger Man to the planet. The lunch lady wanted Ted to turn into an evil bad guy. But instead he turned into a good guy which was good. Then the ground started to rumble. Then Captain Burger Man saw the evil lunch lady. Then they

started fighting. It was the kinda good battle of all history. They were punching, kicking, hitting, and they were throwing food at each other and making each other cry. Captain Burger Man cried so hard he flooded the planet so much that it sent the evil lunch lady back to Earth. Bhsddjasnbgwhsmdzngfetwy
